

Date: 25th September 2017

Flightworx Aviation Ltd, a London Stansted based global flight support solutions provider for private, commercial and specialist operators, and Six West, a specialist aviation solutions company based in Dublin have signed a strategic partnership agreement, under which Flightworx will provide comprehensive 24-7 flight operations and dispatch support to Six West's global flight operations which serve the rigorous and dynamic demands of the aircraft leasing industry. Flightworx and their clients will, in turn, benefit from Six West's resources and services, which includes providing specialist solutions for their aircraft crewing requirements.

"The forming of this partnership is an exciting opportunity for both of our organisations to enhance the service levels we deliver to our clients," says Six West Director of Operations, Matthew Gee. "The provision of high quality pilots to fill gaps in some of Flightworx' client schedules is often last minute and with a very particular set of requirements considering experience levels, licenses, visas, and locations of the aircraft and the pilots. With our experience, Six West are perfectly placed to respond quickly, accurately and with a constantly high calibre pilot option, as our team work incredibly hard to ensure we maintain connections with only the best pilots in this small Industry where reputation is everything. Flightworx is the backbone of our flight operations support here in Dublin and they constantly deliver to standards we have found very few can compete with. It's our pleasure to be working with them."

Speaking on the occasion, Flightworx Director and Co-Founder, Chris Anderson-Jones said "we are delighted and very proud to be partnering Six West and providing the highest levels of support they and their clients need, when and where they need it, anywhere in the world. Whether it's flight planning, ground services, fuel, permits, airline tickets, hotels, transport and other logistics, we have it covered. Six West and Flightworx share closely matched ethics and aims which has made our integration seamless and our complimentary areas of expertise has created an innovative all-inclusive solution for our respective clients. This is enhanced by our ISO 9001:2015 quality certification which guarantees Six West and the operators we work with a continuous process of internal review and improvement of our services. We know Six West have some of the best and most experienced people in the industry and we're really looking forward to seeing our partnership flourish"

About Six West

Six West specialises in offering high quality aviation solutions to the aircraft leasing Industry and the private aviation Industry. We provide turnkey support as required to include ferry, demonstration, lease transition assistance, crewing provision, IS-BAO safety auditing, flight operations support, human resource services and consultation to our select client base.

Six West maintains an extensive database of highly experienced, current and vetted flight crew based globally on all airline and business jet type aircraft and can respond immediately to our clients' requirements.

Six West provides flight operations support to our clients in the private aviation Industry: flight planning, fuel provision, dispatch, staff travel logistics, back of the clock operations assistance.

Six West offers pre-buy inspections, aircraft delivery, entry into service support and management support services.

The cornerstone of our success is built around our focus on client satisfaction.
