

Your Trusted Aviation Partner

Flight Operations Services for Aviation Enterprises

Six West offers unparalleled aviation assistance
to a limited number of trusted global clients

Q Discover how we can help you today

sixwestservices.com

About Us

Six West is a world-leading provider of Flight Operations Services to aircraft lessors, airlines and private aviation. Additionally, we partner with UHNWIs, financial institutions, governments, heads of state and corporate flight departments.

Our goal is to deliver exceptional services to our clients by supporting lease transitions, deliveries, demonstrations and distressed recovery operations.

An aircraft operator of choice, we are audited and approved as an OTARs Article 134 Operator and are adept at customising our delivery platform to your precise needs.

With offices in Dublin, Cork, Malta, Hong Kong and the Cayman Islands, and a connected, multi-national team, we are strategically positioned to provide our services to a dynamic and global client portfolio. Meeting our clients' expectations is a given at Six West. We strive to exceed them.

Adding Value Through Innovation

Our commitment to innovation and listening to lessors' evolving business requirements has been the driving force behind our industry-first Air Operators' Certificate (AOC), tailor-made to optimise commercial aircraft leasing.

A global industry disruptor, it redefines how lessors and lessees work together.

The AOC allows lessors to consider more lease destinations than ever before, increasing asset use and revenue whilst reducing the need and cost of long-term preservation. In turn, it provides lessees with more fleet options as they plan their strategic growth.

Services We Offer

Our services have been designed to help clients manage aircraft during all phases of transition and can be customised to match your requirements. On **page 4**, you will find a list of the bespoke services we offer to our clients.

Our Strategy

Six West applies international best practices to guarantee the safety and quality of its global operations in a multitude of environments. Six Wests' success is built upon our commitment to:

- 1 safety
- 2 service quality
- 3 efficiency
- 4 asset protection

All our flight operations are covered by a robust, industry-approved Aviation Liability Insurance.

✓
We are experienced, forward-thinking and agile. Essential attributes to keep critical flight operations on track.

✓
We focus on quality over quantity, offering clients personalised services that can adapt to last minute requirements.

✓
We help clients manage all phases of their aircraft transition, exceeding their expectations along the way.
