SIX WEST

About Us

Six West is a world-leading provider of flight operations solutions to aircraft lessors and airlines. Additionally, we partner with UHNWIs, financial institutions, governments, heads of state and commercial flight departments.

Our goal is to help clients reach their own objectives in aircraft management by supporting lease transitions, deliveries, demonstrations and distressed recovery operations. An aircraft operator of choice, we are responsive, predictive and committed to adding value at each stage of a flight operation.

A wholly owned Irish company, Six West is headquartered in Dublin with supporting offices in Cork and Hong Kong. The combination of our locations and our highly experienced, multinational team ensures that Six West is well positioned to provide its services to a dynamic and global client portfolio.

Meeting our clients' expectations is a given at Six West. We strive to exceed them.

Foreword from Chief Operating Officer, Matthew Gee

“Providing world-class flight operations solutions form the backbone of Six West and are our core service offering to our global clients in the airline and aircraft leasing industries. Over the years, our clients have come to rely on our expertise throughout every phase of an aircraft’s transition, be it a delivery, a redelivery a distressed recovery operation or a repossession.

A wholly-owned Irish company, the Six West team is proud of what they do. Working closely with our clients, we ensure they are kept aware of all aircraft movements throughout an entire operation with precision and accuracy.

Each member of the Six West team is passionate about aviation, and the impact of COVID-19 on the industry has saddened us all. Our close client relationships, combined with our emphasis on safety and our ability to stay on top of all the latest regulatory changes have enabled us to keep our promises to our clients, within the ever-changing nature of today’s aviation landscape.”

Services We Offer

Our services have been designed to help clients manage aircraft during all phases of transition and can be customised to match your requirements. On **page 4**, you will find a list of the bespoke services we offer to our clients.

Our Strategy

Six West applies international best practices to guarantee the safety and quality of its global operations in a multitude of environments. Six West's success is built upon our commitment to:

- 1 safety
- 2 service quality
- 3 efficiency
- 4 asset protection

All our flight operations are covered by a robust, industry-approved Aviation Liability Insurance.

✓
We are experienced, forward-thinking and agile. Essential attributes to keep critical flight operations on track.

✓
We focus on quality over quantity, offering clients personalised services that can adapt to last minute requirements.

✓
We help clients manage all phases of their aircraft transition, exceeding their expectations along the way.
