

# SIX WEST

Trusted Flight Operations Support

## **SIX WEST AND IBA RENEW THEIR DATA PROVISION PARTNERSHIP**

**Dublin, Ireland, June 14 2021** — Six West and IBA Group have signed an agreement to extend their relationship for a further two years. IBA will continue to provide worldwide fleet data, fleet intelligence and related statistical and operational information to Six West via its leading intelligence platform, InsightIQ.

Matthew Gee, Chief Operating Officer of Six West, said: “Continuing our relationship with IBA was an obvious choice. Their platform gives us essential intelligence and vital insights into the global aviation leasing industry’s asset movements. This information helps us stay one step ahead and underpins our daily decision making and operations planning, ensuring the safe, reliable performance on which our global client base relies.”

IBA’s Chief Revenue Officer, Stuart Hatcher, said: “We are delighted that Six West has renewed their partnership with us and are looking forward to an ongoing and productive relationship. We work hard to maintain and continuously develop the depth and breadth of our aviation data, and Six West’s confidence in the intelligence InsightIQ provides is evidence of its ongoing value to their operations.”

Six West is a global leader of aviation services to the aircraft leasing industry. From its head office on Fitzwilliam Square, Dublin and other offices in Cork, Shannon and Hong Kong, Six West provides flight operations around the world for airlines, aircraft leasing organisations, banks, governments, high net worth individuals and corporate flight departments.

IBA Group has more than 30 years’ experience in delivering aviation intelligence, asset management solutions, and advisory and valuations services to diverse commercial and corporate aviation clients across the globe. Its one-stop aviation intelligence platform, InsightIQ provides clients with the trusted data and insights they need to optimise their asset, portfolio and investment strategies.
